|-----|--|
| 1 | Branson Model 2000X Series 40 Seal & Cut System, 4000-watt model 2000xeat 20:4.0 power supply & process controllers, Camco 601RDM 30" six-position servo driven PLC controlled indexing parts table, Automation Direct PLC controls, 2000X ae actuator, 3.0" cylinder, base mount, CJ-20 converter, ...[more] |
| 2 | Branson Model 2000X Series 40 Seal & Cut System, 4000-watt model 2000xeat 20:4.0 power supply & process controllers, Camco 601RDM 30" six-position servo driven PLC controlled indexing parts table, Automation Direct PLC controls, 2000X ae actuator, 3.0" cylinder, base mount, CJ-20 converter, ...[more] |
| 3 | Branson Model 2000X Series 40 Seal & Cut System, 4000-watt model 2000xeat 20:4.0 power supply & process controllers, Camco 601RDM 30" six-position servo driven PLC controlled indexing parts table, Automation Direct PLC controls, 2000X ae actuator, 3.0" cylinder, base mount, CJ-20 converter, ...[more] |
| 4 | Branson Model 2000X Series 40 Seal & Cut System, 4000-watt model 2000xeat 20:4.0 power supply & process controllers, Camco 601RDM 30" six-position servo driven PLC controlled indexing parts table, Automation Direct PLC controls, 2000X ae actuator, 3.0" cylinder, base mount, CJ-20 converter, ...[more] |
| 5 | Branson Model 2000X Series 40 Seal & Cut System, 4000-watt model 2000xeat 20:4.0 power supply & process controllers, Camco 601RDM 30" six-position servo driven PLC controlled indexing parts table, Automation Direct PLC controls, 2000X ae actuator, 3.0" cylinder, base mount, CJ-20 converter, ...[more] |
| 6 | Branson Model 2000X Series 40 Seal & Cut System, 4000-watt model 2000xeat 20:4.0 power supply & process controllers, Camco 601RDM 30" six-position servo driven PLC controlled indexing parts table, Automation Direct PLC controls, 2000X ae actuator, 3.0" cylinder, base mount, CJ-20 converter, ...[more] |
| 7 | Branson Model 2000X Series 40 Seal & Cut System, 4000-watt model 2000xeat 20:4.0 power supply & process controllers, Camco 601RDM 30" six-position servo driven PLC controlled indexing parts table, Automation Direct PLC controls, 2000X ae actuator, 3.0" cylinder, base mount, CJ-20 converter, ...[more] |
| 8 | Branson Model 2000X Series 40 Seal & Cut System, 4000-watt model 2000xeat 20:4.0 power supply & process controllers, Camco 601RDM 30" six-position servo driven PLC controlled indexing parts table, Automation Direct PLC controls, 2000X ae actuator, 3.0" cylinder, base mount, CJ-20 converter, ...[more] |
| 9 | Branson Model 2000X 2500-watt model 2000xeat 20:2.5 power supply & process controllers, 2000X ae actuator, 3.0" cylinder, base mount, 4.0" Stroke, controllable trigger and weld force, custom single-turn flow control for accurate down speed control, dynamic triggering, dynamic follow-through, str ...[more] |
| 10 | Branson Model 2000X 2500-watt model 2000xeat 20:2.5 power supply & process controllers, 2000X ae actuator, 3.0" cylinder, base mount, 4.0" Stroke, controllable trigger and weld force, custom single-turn flow control for accurate down speed control, dynamic triggering, dynamic follow-through, str ...[more] |

- 24 Branson Model 2000X ae actuator, 3.0" cylinder, base mount, 4.0" Stroke, controllable trigger and weld force, custom single-turn flow control for accurate down speed control, dynamic triggering, dynamic follow-through, stroke length indicator, converter cooling and improved ergonomics.
