Lot	Description
1	Chocoma 40-kg Tempering Melter - Wheel type - Electrically heated with digital thermostat - Tank measures approximately 22" x 17" x 8" deep - 1000 watts - 60 cycle, 208 volts - Serial#890428. Rigging and loading free. Skidding and crating additional costs.
1a	Savage 125-lb Stainless Steel Chocolate Melter with Pump - Made by Savage – Sold by Woody – Woody Ser#070619 new 2007 - Chocolate transfer pump (Viking type) with motor drive mounted to custom frame - Stainless steel, water jacketed and agitated - Electric ...[more]
2	JKV Model 100 Tempering Melter - Serial number 9404364 - Built new in 1994 - 100kg batch capacity - Wheel for flood molding - Vibrating table - 1/60/220v motor. Rigging and loading free. Skidding and crating additional costs.
2a	Used Prefamac 80-kg Tempering Melter - Built new in 2017 - Vibration Table Type IIB - 80 kg (176 lb) capacity - Electrically heated and thermostatically controller - Chocolate wheel with flood molding device - Mounted on casters - 1/60/110 volts
3	Hilliard 600lb/day Tempering Melter with Flood Mold Attachment - Electric heater and thermostat - Flood molding device with double chain (missing funnel) (Attachment has controls and drive for an enrober but is missing the enrober belt assembly) - Covers - 120 volts - Serial#980422. Rigging and load ...[more]
4	Hilliard 600lb/day Tempering Melter with Flood Mold Attachment - Electric heater and thermostat - Flood molding device with double chain (Attachment has controls and drive for an enrober but is missing the enrober belt assembly) - Covers - 120 volts - Serial#900907. Rigging and loading free. Skiddin ...[more]
4a	Tinsley 500/500 lb Carbon Steel Chocolate Melter - Built new in 2015 - Water jacketed and agitated - Both tanks with electric immersion heaters and digital thermostats - One common drive for both agitators - Each tank has side mounted product discharges - Top tank has bottom outlet for drip feeding ...[more]
4b	Prefamac type Premium Chocolate Flaker - Max block 28 cm wide x 44 cm x 4.4 cm thick - Stainless steel construction - 2 to 3 minutes for 5 kg of chocolate - Adjustable flake thickness
5	Chocolate Works metering Pump. No fee to pack for shipping.
6	Sollich Model TF 100 Tempering Unit - Serial number 2682 - Built new in 1998 - 80kg/hour capacity - Freon compressor - 3/60/220 volts. Rigging and loading free. Crating additional costs.
7	Savage 16" Stainless Steel Enrober - Model 5216 - Removable stainless steel holding tank with agitator and pump - Wire mesh belt - Bottomer roller, Blower, flow pan and detailer - PLC touchscreen - Serial#52-055 built 2014 - 3 phase, 60 cycle, 230 amps, 23 amps. Rigging and loading free. Skidding an ...[more]

- 7a Smith 7" Enrober with 12-ft Cooling Tunnel - Enrober has water jacketed and electrically heated tank - Flow pan - Blower - Detailer - 3 phase, 220 volts - 12-ft Cooling Tunnel -30" long infeed -48" long packing area -Freon compressor -110 volts. Rigging and skidding \$950
-
- 8 Barth Model LAB50RS 40-lb Cocoa Bean roaster - Approximately 40 lbs/batch capacity for unshelled cocoa beans (based on bulk density of 37 lbs/cuft) - Electrically heated with two Leister hot air generators with one blower - Solid drum roaster. 22" long x 14" diameter - Overall dimensions 77" long x ...[more]
-
- 9 Used DTG Finn 48" Belt Coater - Serial number 6400 - Built in 1980's - Plastic belt - No blower it was centralized - Manual controls - Load cells but were not used - Drip system - No chocolate pump was with tank - 3/60/230v motor. Rigging and loading free. Skidding and crating additional costs.
-
- 10 Burkhard 38" Copper Coating Pan with Ribs - 32" deep x 24" diameter opening - 7 ribs - 3 phase, 60 cycle, 220 volts. Rigging and loading free. Skidding and crating additional costs.
-
- 11 Burkhard 40" Copper Coating Pan with Ribs - 32" deep x 24" diameter opening - 7 metal ribs - 7 plastic ribs screwed into the bowl - 3/4 HP, 3 phase, 60 cycle, 230/460 volt motor (drive replaced the old gearbox). Rigging and loading free. Skidding and crating additional costs.
-
- 11a Stokes 42" Stainless Steel Grossing Pan - 26" diameter opening x 40" deep - 2-HP, 3 phas3, 60 cycle, 230 volt motor
-
- 12 Coating Pan 52" Diameter Stainless Steel Grossing Pan - 52" diameter - 23.75" diameter opening x 52.5" deep pan - 12" x 17.5" hinged discharge door with pneumatic cylinder - Mounted on weigh cell (without controller) - 41" from floor to bottom lip of pan - 86" from front of pan to back of the base - ...[more]
-
- 13 Coating Pan 52" Diameter Stainless Steel Grossing Pan - 52" diameter - 23.75" diameter opening x 52.5" deep pan - 12" x 17.5" hinged discharge door with pneumatic cylinder - Mounted on weigh cell (without controller) - 41" from floor to bottom lip of pan - 86" from front of pan to back of the base - ...[more]
-
- 14 Coating Pan 52" Diameter Stainless Steel Polishing Pan - 52" diameter - Plastic ribs screwed in from the back of the pan - 23.75" diameter opening x 52.5" deep pan - 12" x 17.5" hinged discharge door with pneumatic cylinder - Mounted on weigh cell (without controller) - 41" from floor to bottom lip ...[more]
-
- 15 Coating Pan 52" Diameter Stainless Steel Polishing Pan - 52" diameter - Plastic ribs screwed in from the back of the pan - 23.75" diameter opening x 52.5" deep pan - 12" x 17.5" hinged discharge door with pneumatic cylinder - Mounted on weigh cell (without controller) - 41" from floor to bottom lip ...[more]
-
- 16 Mateer Burt Lobe Style Fudge Filler - Used for fudge trays - Model 50S - Heated hot water hopper - UHMW lobes - Digi counter - Mounted on table 3' x 6' x 3' high. Rigging and loading free. Skidding and crating additional costs.
-
- 17 Vemag Robot 500 Stainless Steel Vacuum Stuffer - Machine has been completely reconditioned - PC 878 Portion Controls version 1.18 - Linker - Hydraulic drive - 5" diameter throat - 3 phase, 60 cycle, 220 volts - Extruding screw part#915310048 - Serial#1283074 - Previously extruding meat. Rigging and ...[more]
-
- 17a Vemag Robot 500 With PC 878 Portion Controls - Type 128/230 - Stainless Steel hopper - Without extrusion screws and horn - 3 phase, 60 cycle, 220 volts - Serial#1282378
-
- 17b Vemag model HP10C Extruder - Portion controls - Without screws - 10-HP, 3 phase, 60 cycle, 220/440 volt motor - Serial# 1421180
-
- 18 Groen N-150 SP 150 Gallon Stainless Steel Kettle - 42" diameter x 34" deep - Not jacketed - Bridge for mounting agitator - Lightnin' air operated mixer without shaft - 3" stainless steel ball valve outlet - Mounted on casters - Serial No. 77901. Rigging and loading free. Skidding and crating additon ...[more]

-
- 19 Oakes Model 10MC5 Continuous Mixer - Waukesha model 10 Stainless Steel Positive Displacement Pump with drive - Tachometers - Flowraetor - Safety valve - 10 HP, variable speed drive mixer motor - Variable speed drive for pump - Serial number 433. Rigging and loading free. Skidding and crating additon ...[more]
-
- 20 Urschel model N Stainless Steel Granulator - Vibrator pan feeder with variable speed rheostat - Approx. 84 blades on 3/32" centers - Serial#107 - 1.5 HP, 3 phase, 60 cycle, 460 volt motor - Mounted on casters - Link to Urschel site for specs: <https://www.urschel.com/machines/Model-N-Granulator>. Rigg ...[more]
-
- 21 Purdy 6 cuft Stainless Steel Ribbon Blender - 48" x 18" x 20" deep inside dimensions - Bottom center discharge with gate valve - Casters - 52 rpm - 2 HP, 3 phase, 60 cycle, 230/460 volts - Overall dimensions: 72"x 40"x 60". Rigging and loading free. Skidding and crating additional costs.
-
- 22 Tecmaq 290 mm Wide Slab Forming Line - Model TM-6H built 2012 - Three sets of gauging/sheeting rollers – 87" long conveyor -First Rollers are 290 mm (11.5") wide x 210 mm diameter (8.25") -Second and Third roller sets are 290 mm (11.5") x 150 mm diameter (5.9") - Refrigerated section with double doo ...[more]
-
- 23 Meyer 11-ft Tall Z-configuration Bucket Elevator - Model PA-452-9R-S, ser#5291 - 2-ft infeed and 2-ft discharge - Dump height approximately 11-ft - Overall height 11-ft 8" tall - 9" x 5.25 x 2.5" deep plastic buckets - ½ HP, 3 phase, 60 cycle, 230/460 volt motor. Rigging and loading free. Skidding a ...[more]
-
- 24 Deamco model BES-12F-T-X Z-Configuration 77" tall Bucket Elevator - 11.75" x 4.5" x 2.5" deep plastic buckets - 42" long infeed leg and 74" long discharge leg - 72" discharge height including discharge hopper - Does not include vibratory infeed hopper - 3 phase, 60 cycle, 480 volt. Rigging and loadi ...[more]
-
- 25 Bradman Lake inline Top Flap Sealer carton closer - Nordson Hot Melt - Allen Bradley Panelview Plus 400 Touch Screen - Missing some components from the control panel (see attached photos) - Serial#15782 - 3 phase, 60 cycle, 240 volts, 30 amps. Rigging and loading free. Crating additional costs.
-
- 26 Damark model SMC 2228 L-Bar Sealer - 22" x 28" sealing area - Timers and controls - Take away belt conveyor - 110/220 volts - Serial#5920. Rigging and loading free. Skidding and crating additional costs.
-
- 27 RBS model ACT 179 Shrink Tunnel - 21" wide x 9.5" tall opening - 17" wide steel mesh belt x 38" long - 3 phase, 60 cycle, 220 volts. Rigging and loading free. Skidding and crating additional costs.
-
- 28 Ilapak Carrera 500 PC Horizontal Flow Wrapper - 1 Up 9-7/8" wide sealing jaws - 11.5 feet long lug fed infeed conveyor on 10" centers - Fixed forming box - Electric eye for print registration - Markem 9840 Printer - Discharge conveyor - Portable on wheels - Serial#0310105069 built 2005 - 230 volts. ...[more]
-
- 29 Dobby Scotty Horizontal Flow Wrapper - No electric eye (clear or continuous print cellophane film) - Flat top stainless steel chain infeed on 8" lug centers - 1-UP 7" wide sealing jaw with bias cut knife - Single phase, 60 cycle, 220 volts - Serial#73-5457 - Mounted on casters - Forming box approxim ...[more]
-
- 30 Markem model 9880 Hot Stamp Printer - Intermittent motion - Used on a vertical form, fill, seal machine - Serial#945020. No fee to pack for shipping.
-
- 31 Smalley Pack-off Conveyor with Turntable - 14" wide x 60" long inclined cleated conveyor - 2-ft flat infeed section - 44" diameter stainless steel accumulating table. Rigging and loading free. Skidding and crating additional costs.
-
